- Beach recreation
- Swimming
- Ball sports (no golf)
- Hiking
- Horse riding (see game rules)
- Dogs may run loose

## **Game rules**

The rules are important to keep it fun and safe for everyone.

Therefore, you must comply with the rules! Instructions from supervisors and police must be followed immediately.

### Bloarten and kitebuggyen

- A strip of 40 meters up to the tide line must remain free for walkers, so that they are not hindered by the activities.
- It is not allowed to block / kitebuggy at great crowds on the beach.
- You respect other beach users and do not endanger them. Keep your distance!
- Take extra account of possible startle reactions of children and animals.
- Kitebuggyers from the right have priority.

### Golf surfing

- The surfer on the wave has priority over the surfer who paddles in the direction of the sea.
- The first surfer on a wave has priority over the person who arrives later and / or paddles.
- Communicate! Make clear what you plan to do if more surfers are on a wave at the same time.
- Do not worry: you paddle before the wave and the other surfer paddles behind you to pick up 'your' wave.
- Swimmers always have priority over surfers.

### Horse riding

- During the high season (1 April - 1 Oct), horse riding is only allowed from 18:00 to 9:00.
- The whole day may be driven outside the high season (1 Oct - 1 April), but during busy days you may not drive along the high tide line.

### Dogs

In high season (1 April - 1 Oct) dogs in zone 1, 2 and the small beach are not allowed on the beach. Dogs can run loose in zone 3 and 4.
